

Little Roos Newsletter

September 2018

Welcome to the Little Roos Marlow Newsletter.

We hope you have all had a restful summer break and adjusted back to the chilly early morning school run journeys!

As always we are very proud of our little ones achievements and we would love to share these with you. As you may know already, the **Parent consultation meetings** will take place next week, from **Monday 1st October 4pm until 6pm**. The appointment booking form is available still on your room doors. In the meantime, please go to the **Early Years Foundation Stage Statutory Framework** on www.gov.uk. This will help you to understand more about your child's learning.

Garden update – We are currently still refurbishing the garden and completing a section at a time. We have now completed the main area. If you are able to assist us in any way, this will be really appreciated
Recommendation perks - For a limited time, if you recommend us to another family who then join Little Roos Marlow you will receive a gift and as the new family will receive a discount with their registration.

Little Wallabies have been taking part in different sensory activities. They have been exploring different textures using their hands and feet. Whilst doing these activities the children have been able to explore a variety of resources ranging from paint, bubble wrap, sand and water.

Little Explorers have been looking at different types of technology that we use in the nursery, such as cameras, recordable devices and remote control toys. They were then given the opportunity to take photos by themselves. We have also been looking at our emotions and feelings to build and develop our Personal, Social and Emotional skills.

Big Kangas have recently been taking part in different science activities. They have been experimenting with different materials seeing the reactions when they mix solutions together. They have been using keywords such as oily, slimy, solid, float, sink, melting. See picture above.

Parent Reminder: Please can all parents provide a labelled **water bottle** for your child to use throughout the day. At meal times the children will still be encouraged to use a nursery cup to drink from.

Events

Little Roos Proud Cloud – we would like to update our 'Proud Cloud' board with all of the amazing achievements of the children. Please collect some paper clouds from a member of staff so that we can fill our board with the children's amazing achievements.

Cooking with our chef – over the coming weeks our in-house chef Sue will be carrying out fun cooking activities with all age groups. This will allow all of the children to take part in a variety of cooking experiences as well as refining essential skills such as weighing, measuring and seeing the end product of combining the ingredients.

Macmillan Charity event – we would like to raise some money to support the Macmillan Trust. On the **8th or 10th October** we would like children to dress up in green and donate £1. Throughout that week we will also be planning a variety of activities for the children to take part in. Please help us to support this worthy cause.

"Nurturing the New Generation"
