

## Little Roos Marlow Testimonials

Our son started as a Little Kanga when he was 18 months old. He is a sensitive little boy and took a while to settle in but thanks to the caring and patient staff he now bounds in to nursery. He loves his key workers and really missed them over lockdown last year. He couldn't wait to get back. Now he is three and talking constantly he tells us about his day and the things he has learnt. It makes us proud to see him so content. We are very grateful for the care and attention he receives at Little Roos Marlow.

My 2 year old has been attending Little Roos in Marlow since August. I am most impressed by her development in speech and problem solving. The staff are so friendly and accommodating and have made my daughter feel so happy and at home. Naeer is the key worker who has kept track of her milestones and has provided helpful tips and suggestions to try at home when it comes to potty training and getting her to tidy up her toys and to focus on one activity at a time. I look forward to watching my daughter grow and develop in such a nurturing and supportive environment.

Alex (2021)

Both of our Sons have attended Little Roos Marlow. Our 4-year-old left last August to start school and our 2-year-old is still attending. I cannot speak highly enough of Little Roos. The care, love, and encouragement the children receive to explore and develop at the nursery is fantastic. The range of activities the children are involved in from a very early age, is excellent. Similarly, the chef cooks very tasty, healthy, and interesting meals which has definitely helped my kids like a wide range of foods. The email at the end of each day including photos of what our boys have been up to, have always brought a smile to our face. We both feel incredible lucky to have found Little Roos. It is a superb, warm and nurturing environment where our boys flourished and continue to flourish. We are hugely grateful for the support, care and effort all the nursery staff, chef and management go to in order to ensure our boys have had and are still having a wonderful nursery experience.

Marc (2021)

My son has attended Little Roos since 8 months old and is now 3. In that time he has forge strong bonds with staff and lasting friendships with the children he attends with. He is able to be creative and interactive in a challenging world. He comes home full of smiles singing songs he has enjoyed and reciting the letters he has learnt.

Marie (2021)

Our little girl has only recently started at Little Roo's Nursery. As parents we are relieved how quickly she has settled in. There is no doubt that this is due to such warm welcoming at the door by the lovely staff. She is really enjoying her time at little Roo's

and has lots of lovely stories to tell us when she gets home. We are really happy that we chose little Roo's for our little girl.

Nicola ( 2021)

As parents, it makes our day to see our child running to the front door every morning to see all the Little Roos staff and children.

He is always so happy to see everyone, and seems to be learning so much there every day. The activities at Little Roos vary day-to-day, from creative endeavours to outside messy play - there is such an amazing variety of things to do. We can't say enough about how wonderful the Little Roos team are, they are so warm and caring, making every child feel special. We recommend Little Roos to everyone we meet.

Karina (2021)

We have been very happy with Little Roos in Marlow from day one. The staff are so caring and create a nurturing, secure environment for the children. Aoife is always doing new activities and learning new things, but has loads of fun play time as well. The extensive outdoor area was a particular draw for us when we chose Little Roos. Our youngest, has just joined her big sister and has settled in brilliantly.

Jessica ( 2021)

We have been more than pleased with our 3 years at Little Roos and with the level of care we have experienced for our boys, especially from Naeer and Shanda. They have our utmost respect. The boys will miss them terribly.

( 2020)

Moving him to yourselves might have been one of the smartest ideas I've had for a long time... The difference in understanding his behaviour was night and day between ( \*previous nursery ) and Little Roos. He is always coming home excited about what he had done that day with her.

It's just a big thank you all round to everyone there, no doubt Fred will have another couple of happy years there.
