

Little Roos High Wycombe Testimonials

I just wanted to give the High Wycombe team some feedback following the first week back...I was quite apprehensive about my son returning & whether it would feel rather scary for him. However, I've honestly been blown away by how lovely the staff have been & the lengths they've gone to to make very odd circumstances seem normal. In a period when all the team must feel worried, they've put on a huge smile every day and made (*deleted child's name) time so much fun. Please pass on our gratitude- we're really grateful to be part of such a lovely nursery'

'Thank you so much Kelly and to your team too. You guys are going above and beyond and it's so reassuring to see such robust measures in place'

(2020)

(*deleted child's name) started nursery from a very young age, at 6 months when we were in Essex, we moved 6 weeks later, so I am in the position where I have had experience of him being in 2 different nurseries and there is a MASSIVE difference. The attention that you give him, the nice warm feeling the nursery gives me and in his general happiness (I think he would happily go home with Keeley instead of me when I have to peel him off her! 😊). Quite often at the old nursery in Essex I would come in and Ollie would be sat alone in the corner crying (and he didn't tend to cry that much in those days), as soon as I looked around Little Roos I understood what outstanding really meant and I finally felt happy leaving Ollie at nursery while I worked. The way you all talk to him or behave with him is almost like he is part of your family. I cannot thank you enough for how well you look after him. He loves you all and by proxy, I do too! Massive thank you in particular for Anna, Sofia, Keeley and Lyn!!'

'We are so pleased to see how much (*deleted child's name) enjoys learning at Little Roos, it's been great to see how interested he is in letters and numbers now. It was amazing to see him write his name for the first time! He loves talking about his day and it's lovely to hear about him making friends too, he's become so much more confident and sociable. He tells us all about his 'best friends'!

(2020)

(*deleted child's name) has settled really well into Little Roos too. We've been really happy to see her form special bonds with the staff and reach out for cuddles with people other than us - during these times she hasn't had much interaction with other adults so it's great to see her so happy and comfortable there. Her love of music continues to flourish too, we look forward to discovering which new nursery rhymes and actions she's learnt!'

(2020)

'Since (*deleted child's name) started at Little Roos her confidence, independence and personality has grown so much. As a parent, there's nothing better than seeing your child run up to the front door every morning with a smile on their face. The day sheets are really helpful and feedback on the gate from staff is great. I also thought the stickers on their backs were a great idea for asking about their day, especially when they can't always tell you with words!'

(2020)

'I am so pleased with how she's settled in. I can see how much she's bonded with staff and couldn't be happier seeing how content she is. You have a really great team and appreciate all the communication and feedback we get'

'Hope you are well. Couple weeks ago, one of you told me that (*deleted child's name) has not been using dummies at nursery at all time. Just want to share with you that we have also managed to do so from few days ago. We bin all of them!! We showed (*deleted child's name) an empty dummies storage box and said 'All gone as you are a big boy now.' We are so surprised that he accepted this statement that well whenever he asked again but he hardly asked even when he went to bed. Thank you for supporting us to remove this bad habit. He is so lucky to get looked after and taught well at Little Roos. Even I have been learning a lot from Lynn when she shares her tips or experience. All your staff are amazing! '

(2021)

'Just wanted to also say that we are so happy here at Little Roos and can see how happy she is and how much she has grown and developed since being back, you and your staff are amazing Kelly and she just loves her 'fia' '

(2021)

'Just wanted to say a big thank you for including (*deleted child's name), not only has she come home buzzing with excitement but also apparently now loves a good curry! She has shown us her dancing and is already looking forward to next week. Such a fab opportunity for her and all the other children to have such a cultural experience. Also she loved seeing some familiar faces from Marlow nursery!!

(2020)

'Thanks for today Kelly & Team!! We loved watching it and seeing them all in action - super cute!

(2020)

Thanks again for looking after Ella!! She loves it there and I can see how much love and care goes into the nursery! Well done Kelly for getting it to this level 🌟'

(2020)

Thank you for having our first born. He has loved every minute and has made lots of friends not just kids but staff too. He has loved it here from the first minute.

(2020)

Thank you so much for all the fun, laughter and many happy memories .We have loved out time and learning here and will miss you all so much.

(2020)

Thank you for helping baby (*deleted child's name) to walk and talk! (what a big 4 months it's been for her).

(2020)

My child really enjoys her 2 days at Little Roos and always comes out smiling and chatty. The whole nursery team are so lovely and Sofia always has time to stop for a chat and update us on her day which we love! We notice she more confident in her ability's after her day at nursery which is exactly what we hoped for. Thank you.
